

# ABHISHEK SINGH

Full-Stack Developer · MERN / Next.js

asc739@gmail.com • +91 70004 36496 • Indore, India

## PROFESSIONAL SUMMARY

Full-stack developer with 4.5 years of experience building scalable, high-performance web applications on the MERN stack and Next.js. Skilled in designing REST APIs, real-time features, and white-label products, with hands-on experience deploying and operating workloads on Google Cloud Platform using CI/CD pipelines. Background in PHP/CMS platforms and a working knowledge of Python & FastAPI. Proven track record of delivering reliable, production-ready software across multiple domains.

## WORK EXPERIENCE

### Thoughtwin IT Solutions Pvt. Ltd. — MERN Developer

Mar 2025 – Present

- Enhanced an AI-driven application by adding multilingual support and improved output formatting in React.js, increasing clarity and usability for a global user base.
- Built a scalable, white-label e-commerce platform for costume sales using Next.js, with customizable branding that lets multiple clients launch from a single codebase.

### CreativeFuel Pvt. Ltd. — MERN Stack Developer

Jun 2023 – Oct 2024

- Developed a modular, maintainable React frontend for multiple HRMS modules with reusable UI components.
- Built REST APIs with Node.js and MongoDB powering core HRMS features.
- Deployed applications on AWS EC2, then led the migration of infrastructure to Google Cloud Platform.
- Configured GCP VM instances and App Engine, and implemented CI/CD pipelines for automated deployments.

### Verve Systems Pvt. Ltd. — React Developer

May 2021 – Feb 2023

- Developed a real-time video-calling application using React, Redux, and QuickBlox with multi-role access (admin, super-admin, and users).
- Contributed to backend API development with NestJS for a separate product.

## TECHNICAL SKILLS

### Frontend

React.js Next.js Redux / RTK Context API JavaScript HTML5 CSS3  
Tailwind Material UI Bootstrap

### Backend

Node.js Express.js REST APIs JWT / OAuth Microservices Socket.IO  
MVC Python / FastAPI

### Databases

MongoDB Mongoose MySQL NoSQL

### Cloud & DevOps

GCP (App Engine, Cloud Storage, Cloud Build) AWS EC2 Docker CI/CD  
Vercel Render Linux

## Tools & Testing

Git / GitHub

Postman

Unit & API Testing

Performance Optimization

PHP / WordPress

## AI Tools

Claude Code

GitHub Copilot

ChatGPT

Codex

## EDUCATION

---

### B.E., Computer Science & Engineering

2012 – 2016

Sanghvi Institute of Management & Science, Indore · 6.7 CGPA

### Higher Secondary (PCM)

2010 – 2012

Shri Agrasen Vidhyalaya, Indore · 8.4 CGPA
